# Ways to Enrich Learning

Since you are reading this book, you are likely eager for your preschooler to learn and acquire some of the skills she will need to succeed in school. You want to create a home learning environment in which your child can explore, learn new concepts, and practice new skills. You wish to prepare your child for her future school years.

You can create a learning environment by providing your child with exciting and well-thought-out play experiences. Young children learn best through “play with a purpose” activities. Mix traditional paper-and-pencil tasks with hands-on materials to encourage exploring, asking questions, and problem solving.

Guide your child’s learning experiences through play. This helps your child learn to listen, stay on task, and make new observations. Ask open-ended questions that encourage your child to draw conclusions, develop new vocabulary, and find new ways to accomplish tasks. For example, when your child is building with blocks, ask, “Is there another way that you could build this tower?”

Some ideas for activities and materials that will enhance your child’s learning experience are suggested below.

## LANGUAGE ARTS

Literacy is the single most important skill that a child needs for success in school and in life. You can do many things at home to encourage literacy.

- 1. Read to your child every day.** Read every day for at least 15 minutes. This often becomes a favorite time of day for both a child and his family. Use the recommended reading list on page 7 as a starting point for reading to your preschooler. Some things you can do before, during, and after reading with your child include:
  - Talk about pictures
  - Ask questions about characters
  - Have your child guess what will happen next
  - Encourage your child to retell his favorite stories or favorite parts of a story
  - Have your child invent new endings for stories
  - Visit the library and let your child choose new books
  - Encourage “pretend reading” by allowing your child to look at the pictures and create his own words

# Ways to Enrich Learning

**2. Encourage letter recognition.** Preschoolers develop an interest in reading and phonics by observing how adults use written language. Some activities include:

- Point to letters in the environment, such as on cereal boxes, street signs, in your child's printed name, and in books and magazines
- Help your child learn to match letters
- Play listening games. For example, have your child identify words that begin with the same sound

**3. Provide language arts materials.** Fill your child's environment with literacy materials. Suggested materials include:

- Magnetic letters
- Books, magazines, newspapers, and catalogs
- Paper, pencils, crayons, and paints (Encourage children to experiment with making circles, squiggles, and lines.)
- CDs of children's music and recorded children's stories
- Computer programs that emphasize language arts and literacy skills

## MATH

Many toys and puzzles provide young children with early math learning experiences. Demonstrate all of the ways that we use numbers and other math skills in your daily life.

**1. Cook or garden together.** These activities offer numerous learning experiences as well as family sharing time. Children can gain these valuable skills:

- Measuring
- Numbers and counting ("Stir 10 times." or "Place three seeds in each hole.")
- Increased vocabulary development
- Increased observational skills

**2. Provide mathematical materials and activities.** Fill your child's environment with math materials and activities. Suggested items include:

- Magnifying glass
- Blocks and other building materials
- Magnets and magnetic numerals
- Scale
- Objects that sink or float (for bath and water play)
- Calculator and toy cash register
- Puzzles
- Sorting, matching, and classifying games

# Getting Started

As you begin your learning adventure with your preschooler, help your child organize some special materials. Here is a list of things your child may need:

pencils	glue	paint	scrap paper
crayons	buttons	paintbrushes	construction paper
markers	tape	paint water cup	old newspapers
colorful chalk	play dough	paint shirt	safety scissors

Have your child decorate a box for storing her supplies, and encourage her to return the supplies when she is finished using them. That way, she will always know where everything is. Nothing gets lost when “picking up” becomes a habit.

As you work through this book, you may find that there are many things that you would like to save. Be prepared. Make and decorate a special memory box with your child. Place a photograph of your child on the top of the box. To protect the photograph, cover it with laminate or clear shelf paper. Have your child draw and color pictures all over the box. You can use a spray finish to protect the pictures from wear and tear. (Be sure the photograph is covered or laminated before applying the spray.)

If possible, keep an audio recorder nearby. Children love playing with audio recorders and listening to their voices. In the future, listening to recordings of your preschooler talking, reading stories, and singing songs will be a wonderful way for you and your child to remember these experiences.

## The Alphabet

Aa	Jj	Ss
Bb	Kk	Tt
Cc	Ll	Uu
Dd	Mm	Vv
Ee	Nn	Ww
Ff	Oo	Xx
Gg	Pp	Yy
Hh	Qq	Zz
Ii	Rr	

## Numbers 0-20

0 = zero	11 = eleven
1 = one	12 = twelve
2 = two	13 = thirteen
3 = three	14 = fourteen
4 = four	15 = fifteen
5 = five	16 = sixteen
6 = six	17 = seventeen
7 = seven	18 = eighteen
8 = eight	19 = nineteen
9 = nine	20 = twenty
10 = ten

# Straight Lines

Trace the line from each cat to its ball of yarn.

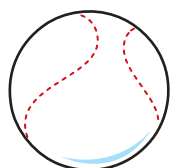

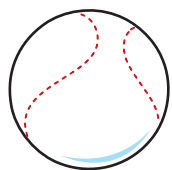

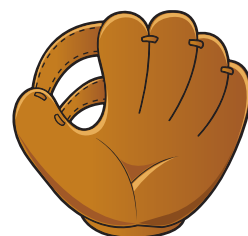

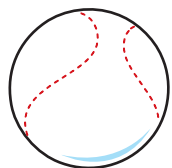

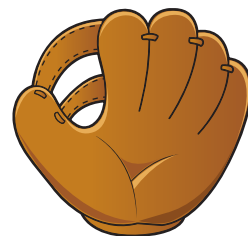

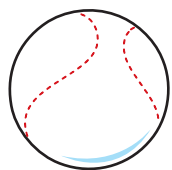

# Wavy Lines

Trace each line from left to right.

# Line Practice

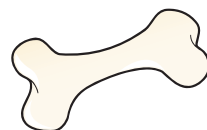

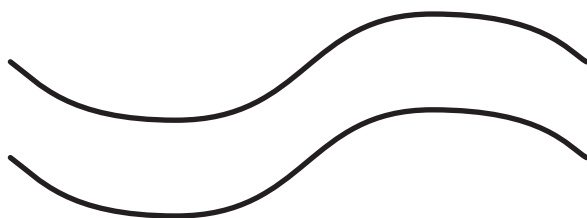

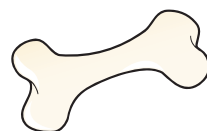

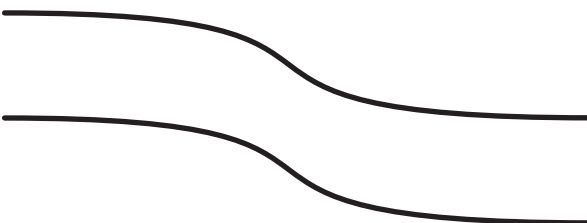

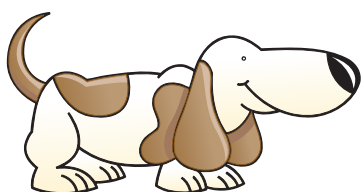

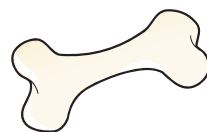

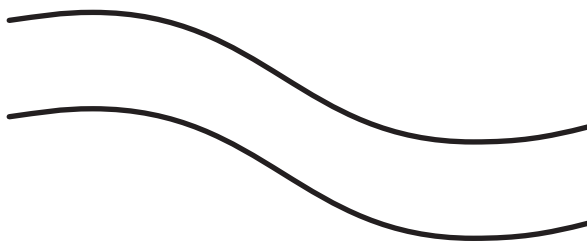

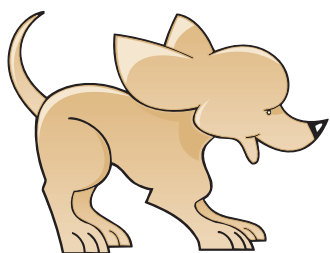

Trace the line from each baseball to the glove.

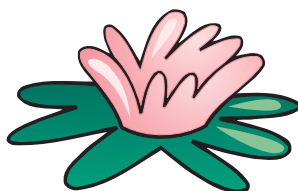

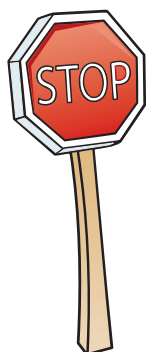

# Follow the Path

Follow the path from each dog to its bone.

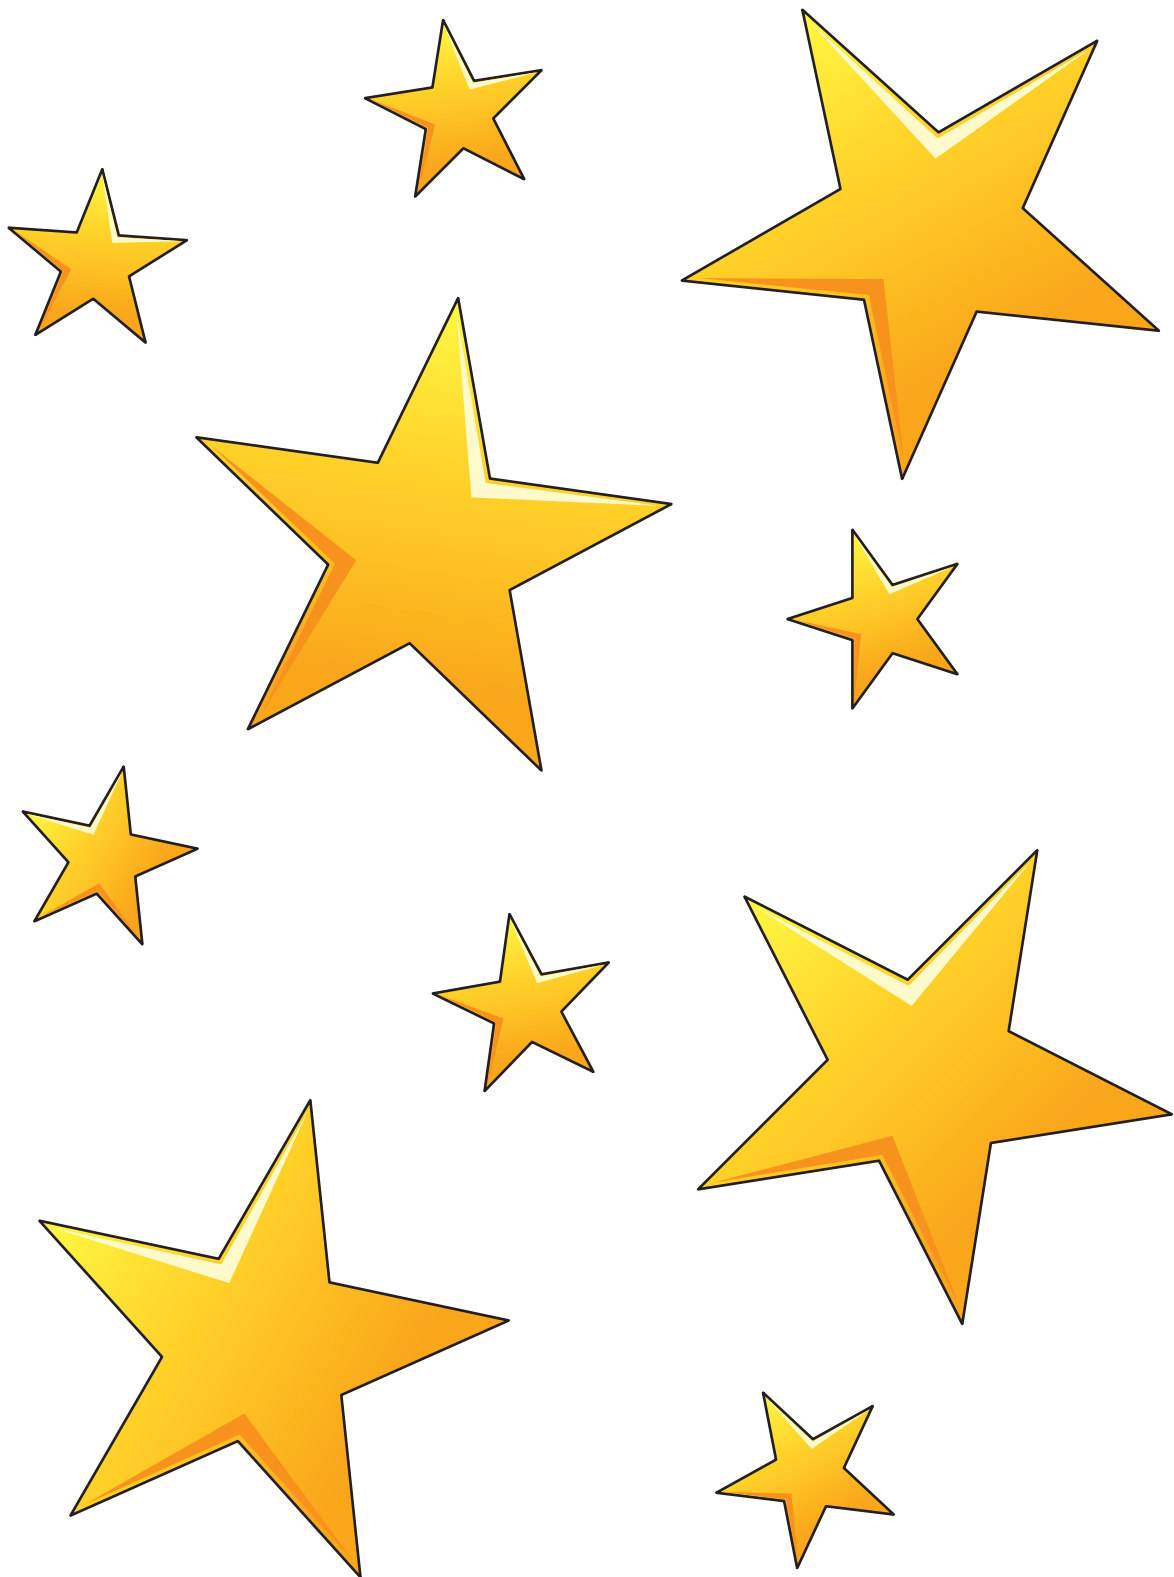

# Top to Bottom

Trace each line from top to bottom.

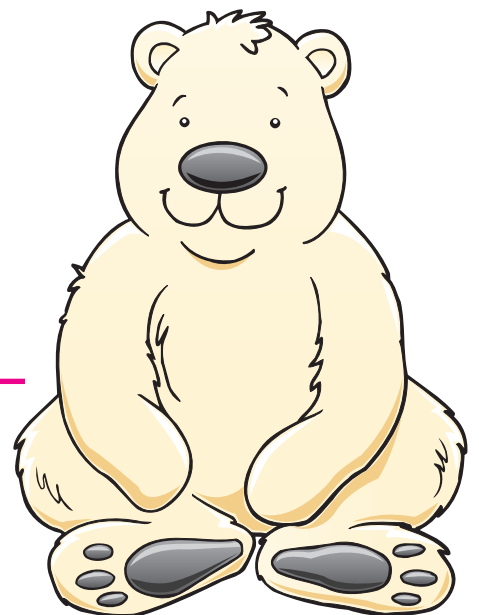

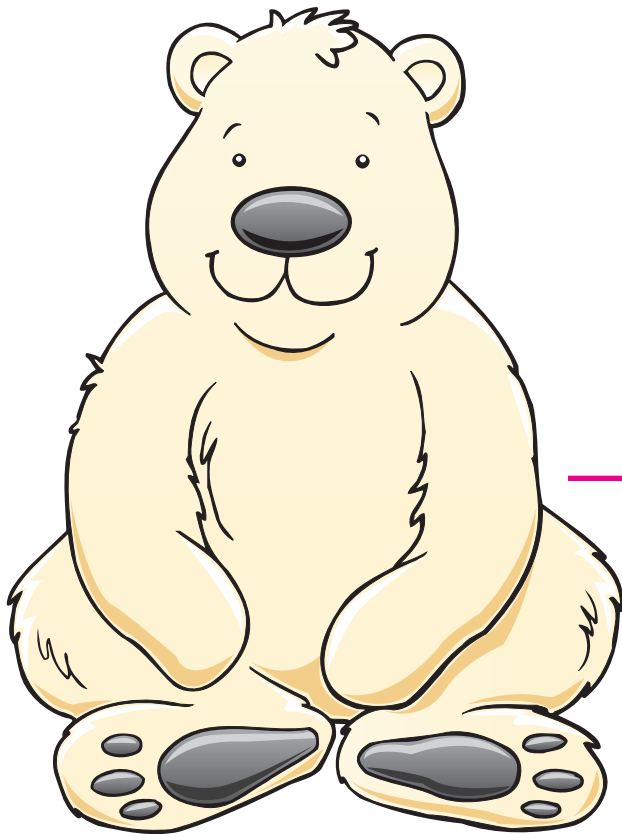

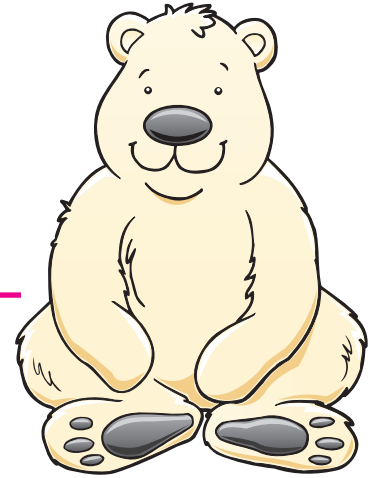

# Big Stars and Little Stars

**Circle each big star. Draw an X on each little star.**

# Big Bear, Little Bear

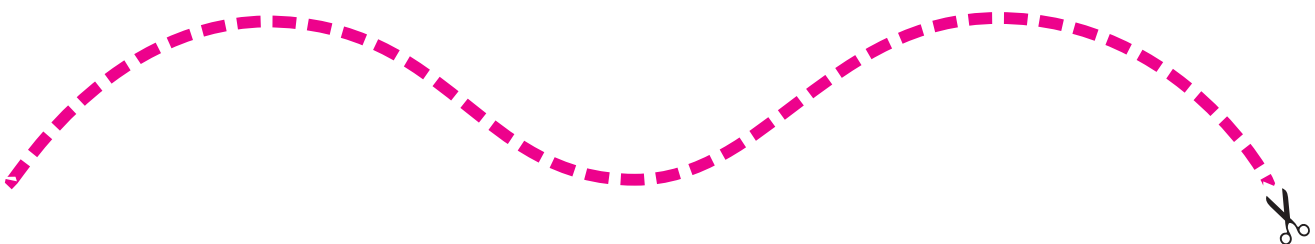

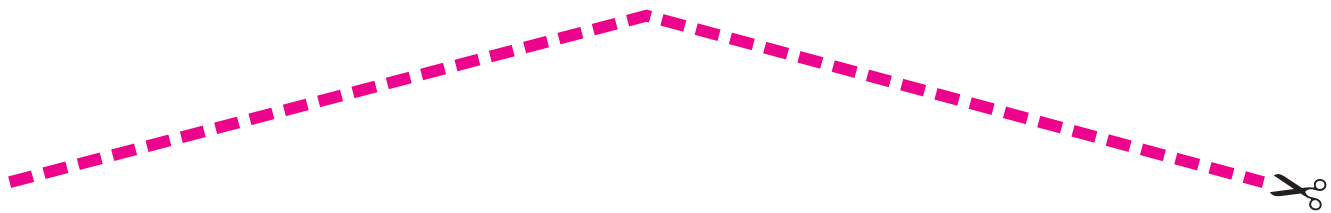

Number the bears in order from littlest to biggest. Write the numbers on the lines. The littlest bear will be number 1.

# Cutting Lines

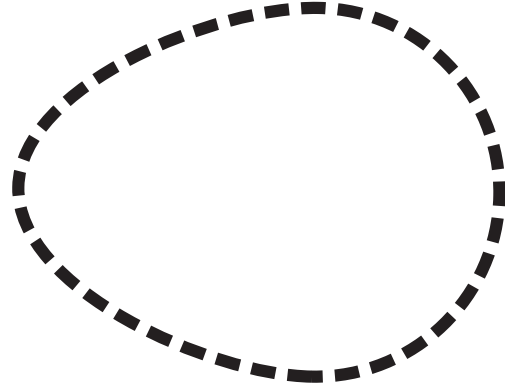

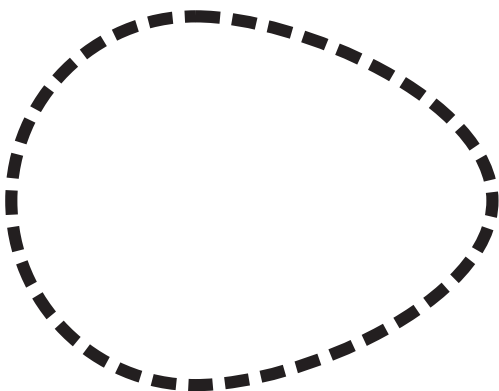

**Tear this page out of the book. Use scissors to cut along each dotted line. Left-handed children should start on the left. Right-handed children should start on the right.**

# Cutting “Eggsactly”

**Tear this page out of the book. Color and cut out each egg. Paste the eggs onto the matching shapes in the picture. Color the picture.**

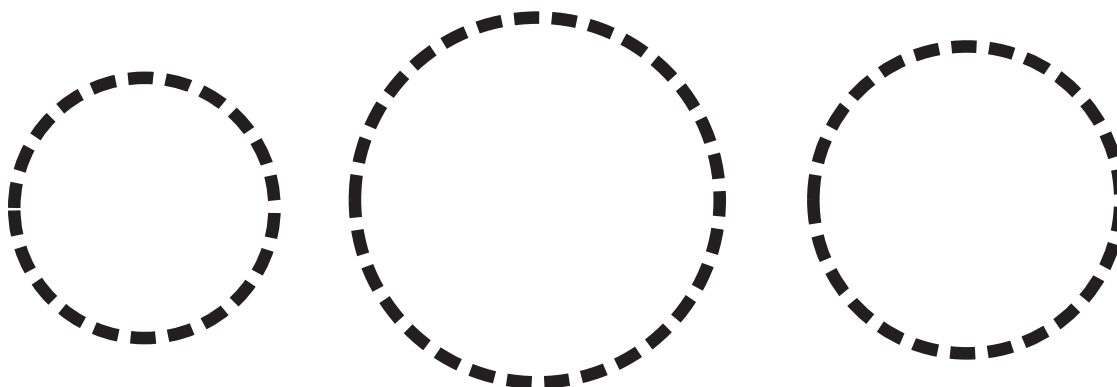

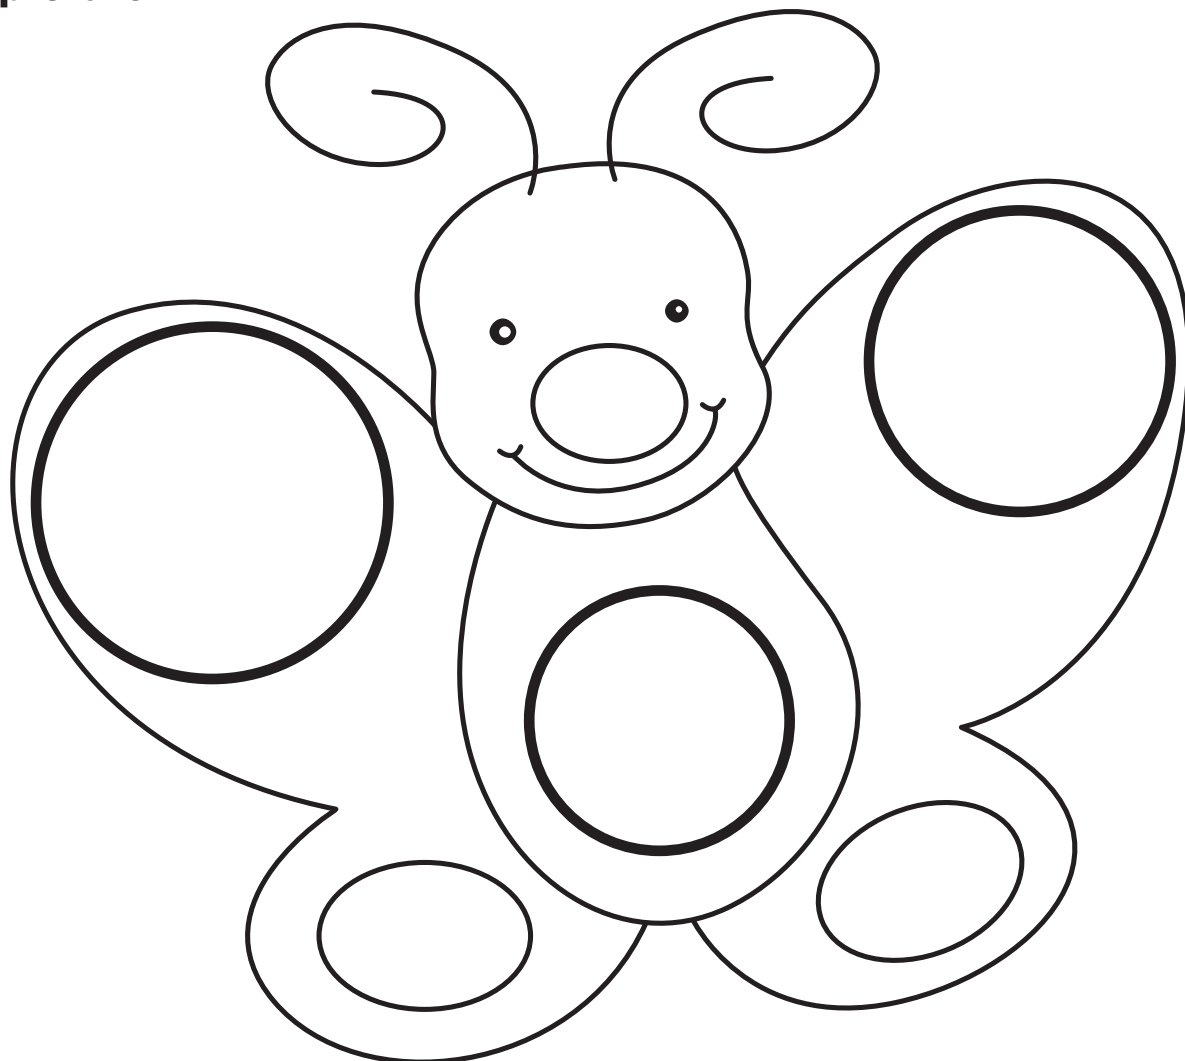

# Butterfly

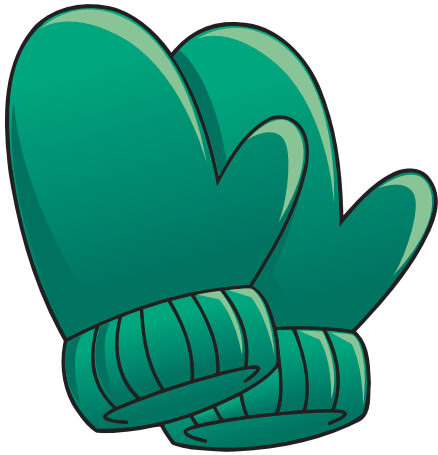

**Tear this page out of the book. Color and cut out each circle. Paste the circles onto the matching shapes in the picture. Color the picture.**

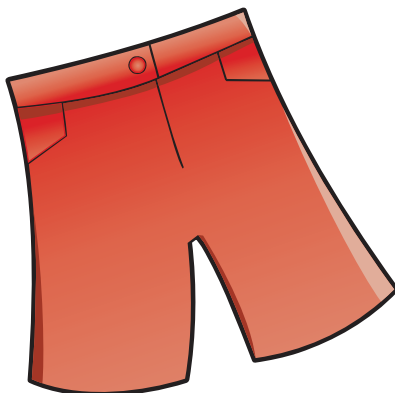

# Summertime

Circle each warm-weather picture.

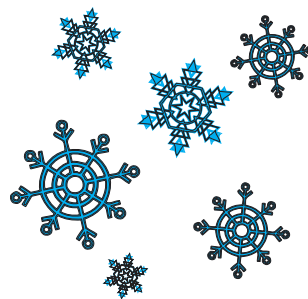

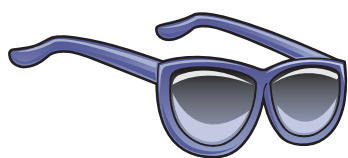

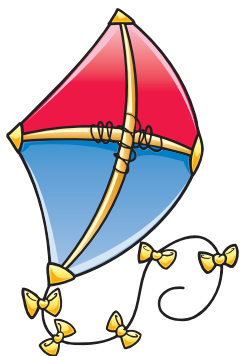

# Winter Weather

Draw an X on each piece of clothing that you would NOT wear in cold weather.

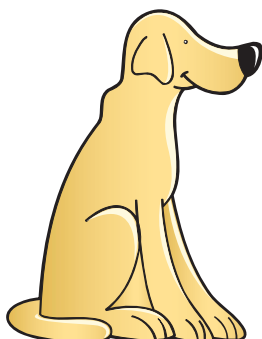

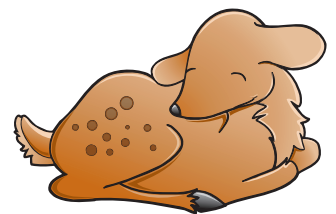

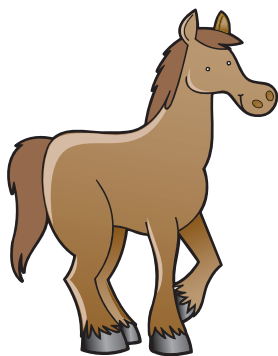

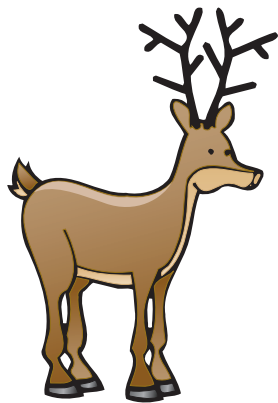

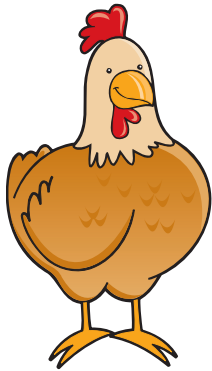

# What Is the Weather?

Draw a line from each object to the weather it matches.

# Babies

Draw a line from each adult animal to its baby.

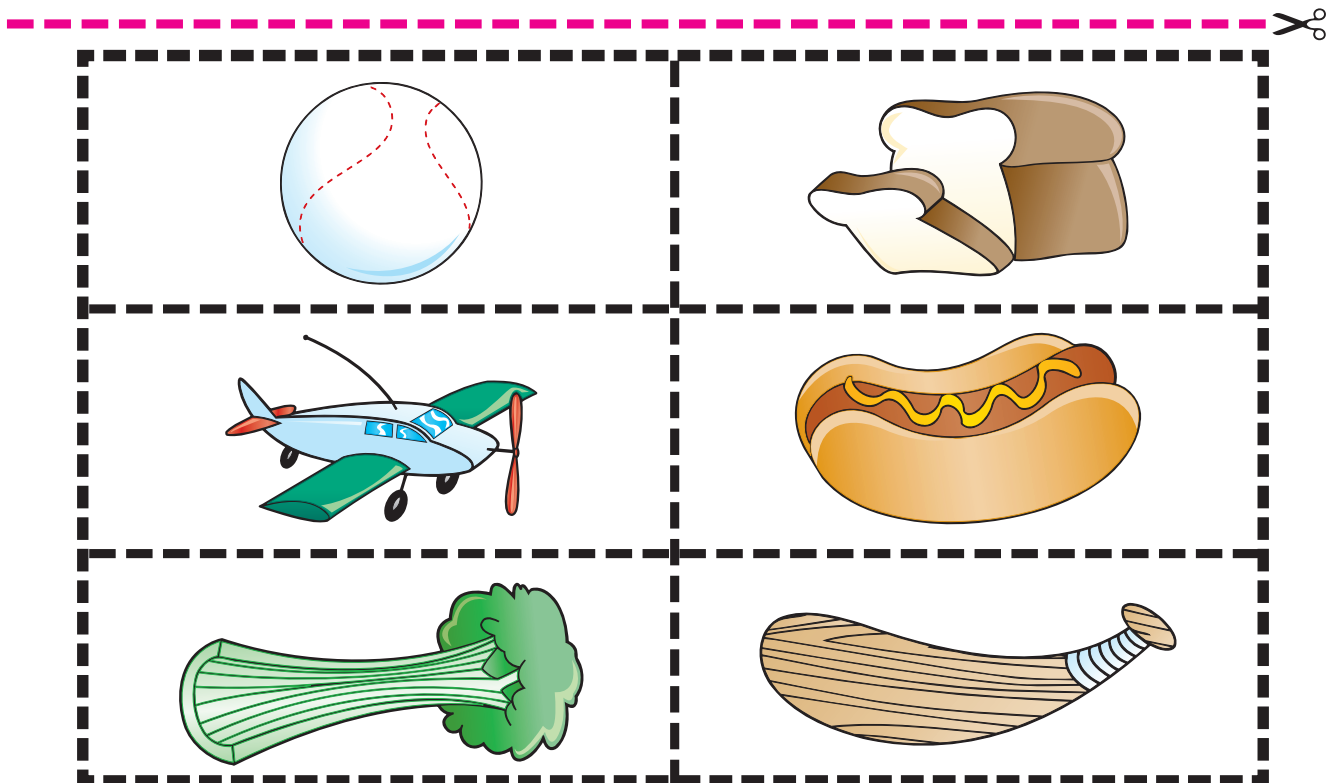

# Toys or Food?

Tear out this page of the book. Cut out each picture. Paste it in the correct group.

Toys

Food

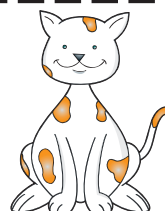

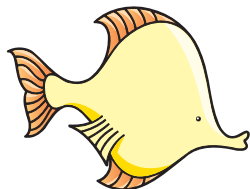

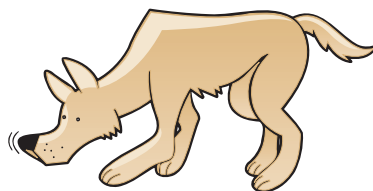

# Clothing or Pets?

Tear out this page of the book. Cut out each picture. Paste it in the correct group.

Clothing

Pets

# Opposites

Draw a line from each picture to its opposite.

left

short

tall

over

under

right

# Opposites

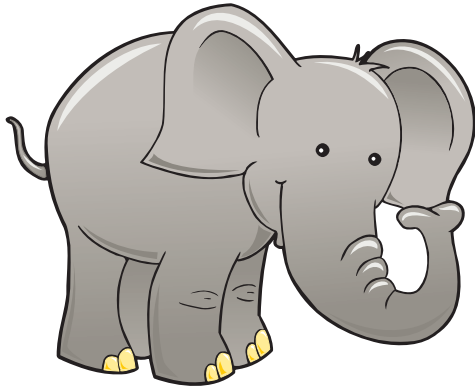

Draw a line from each picture to its opposite.

sad

night

large

happy

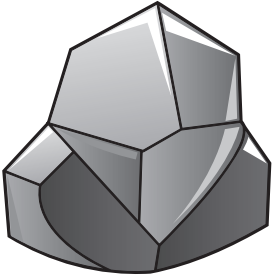

day

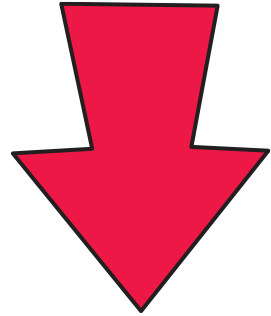

small

# Opposites

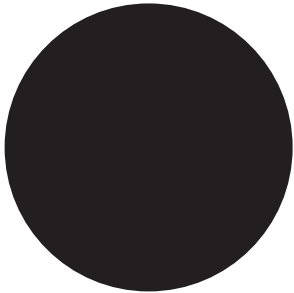

Draw a line from each picture to its opposite.

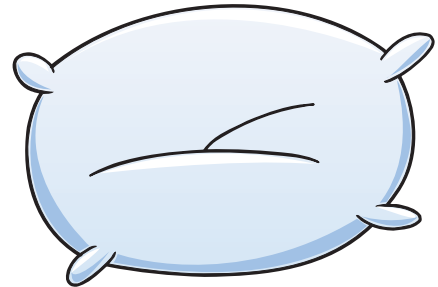

hard

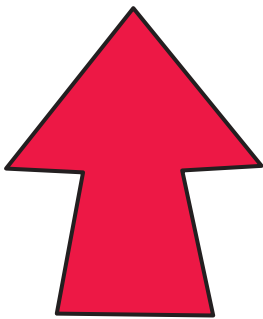

down

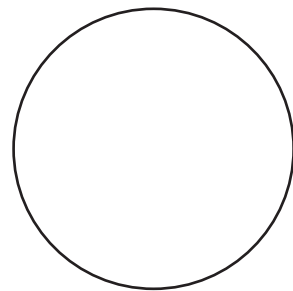

black

soft

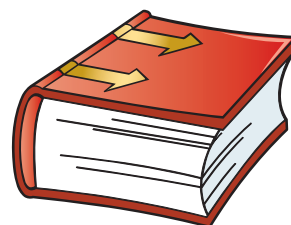

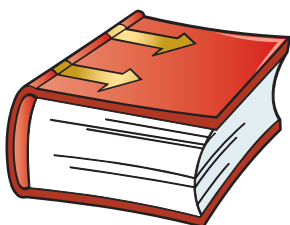

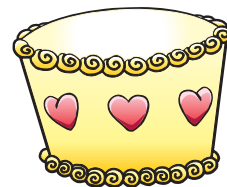

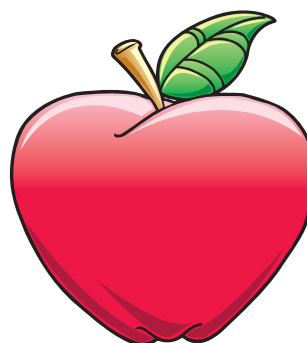

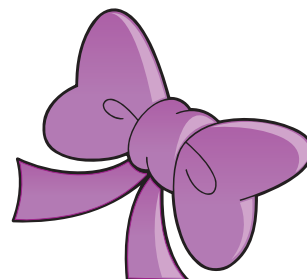

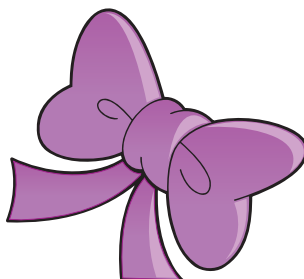

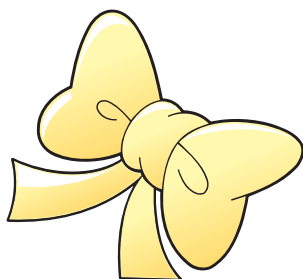

up

white

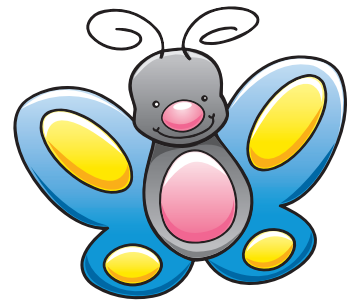

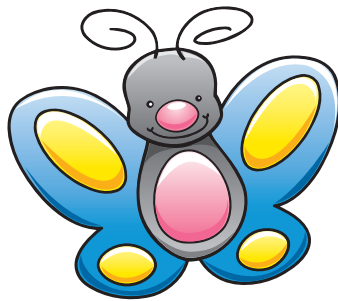

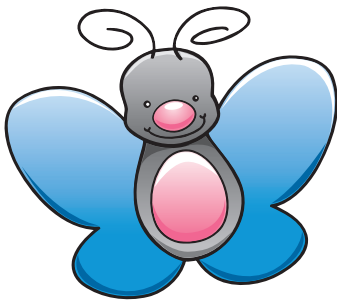

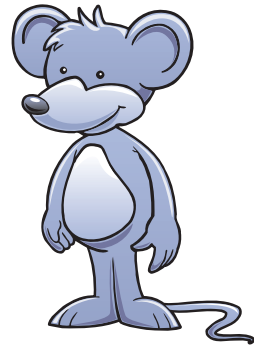

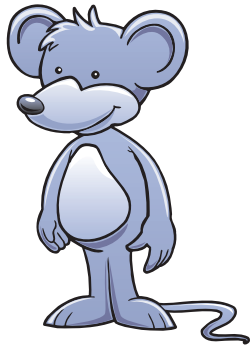

# Things That Are Different

Draw an X on the picture that is different in each row.

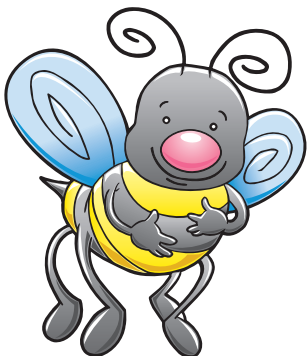

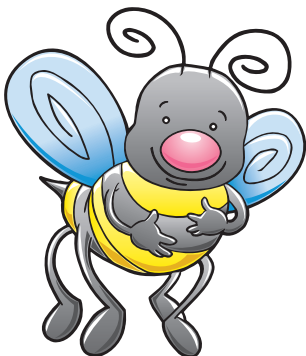

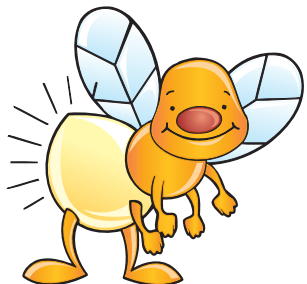

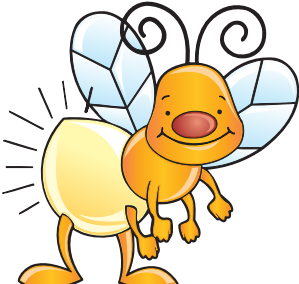

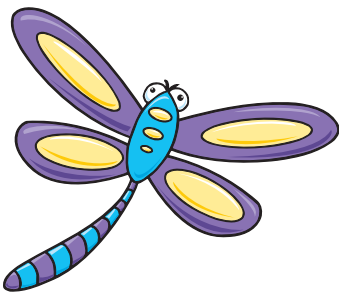

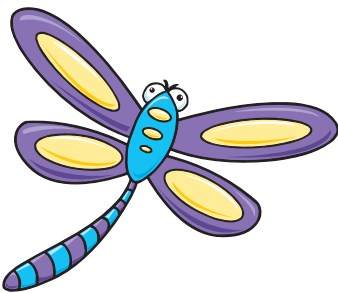

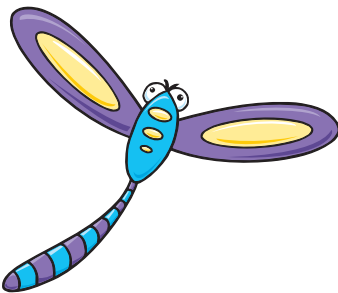

# Things That Are Different

Draw an X on the picture that is different in each row.

# Things That Are the Same

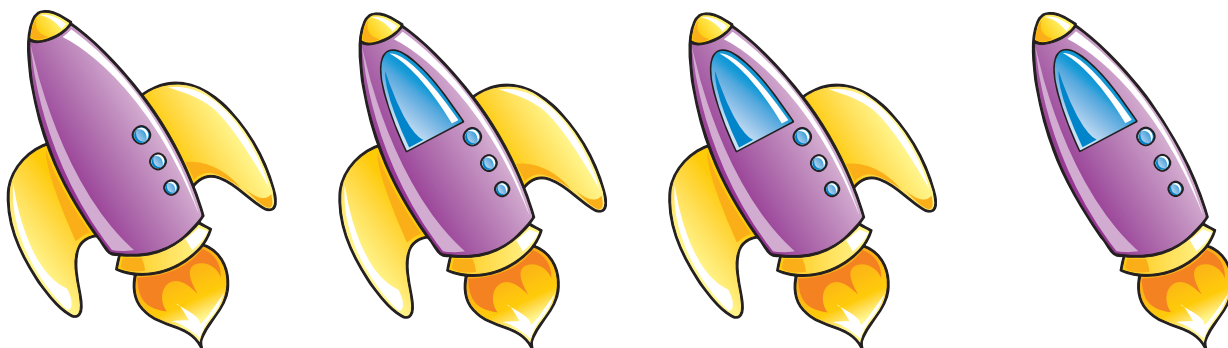

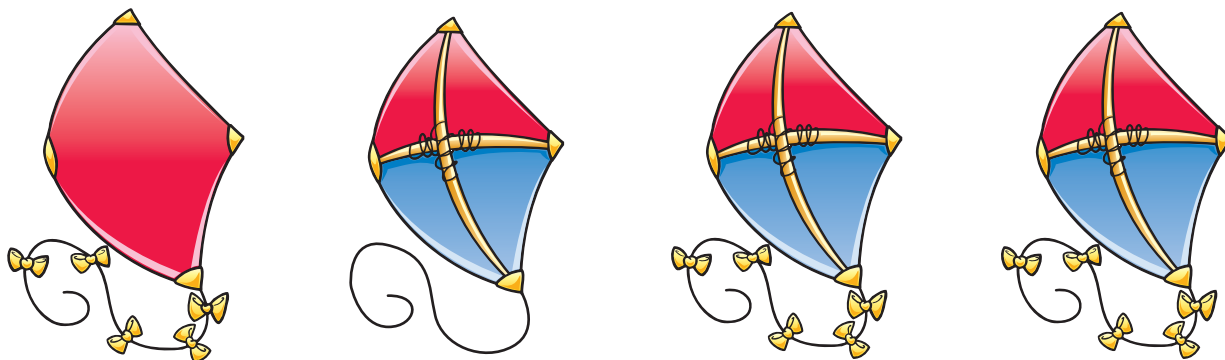

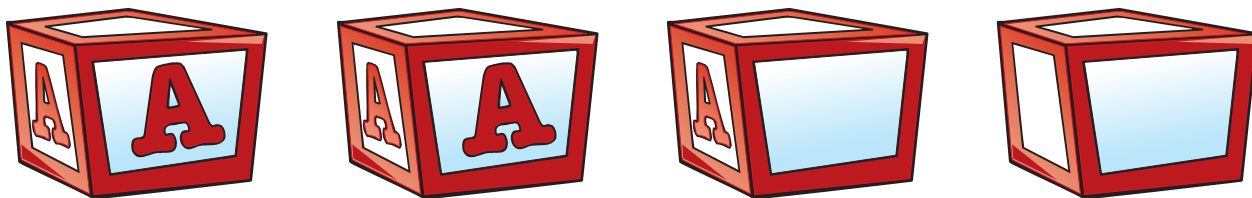

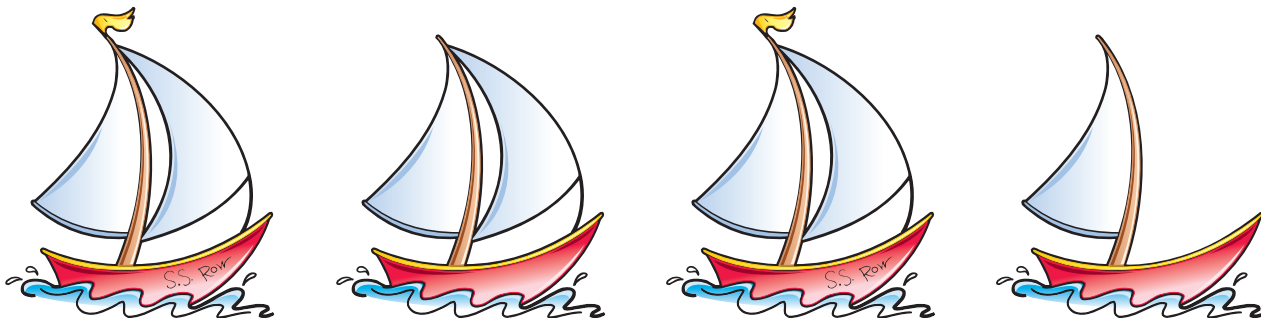

Circle the two pictures that are the same in each row.

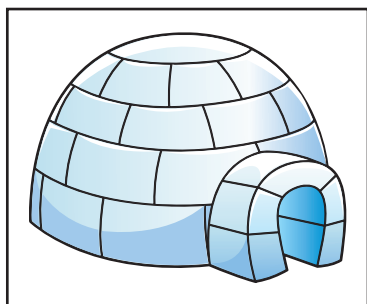

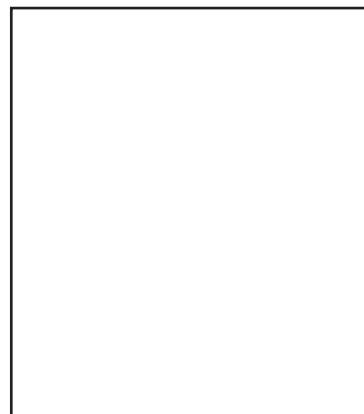

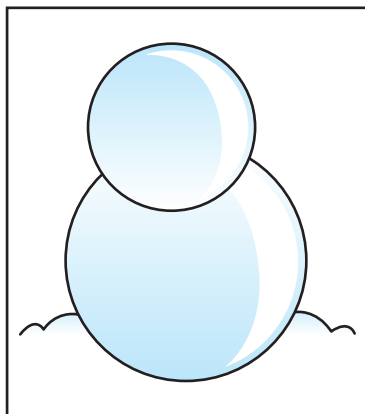

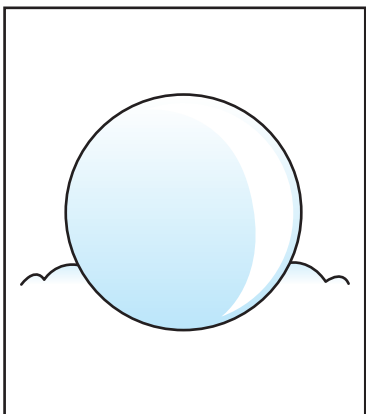

# Things That Are the Same

Circle the two pictures that are the same in each row.

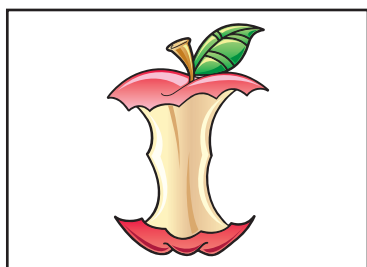

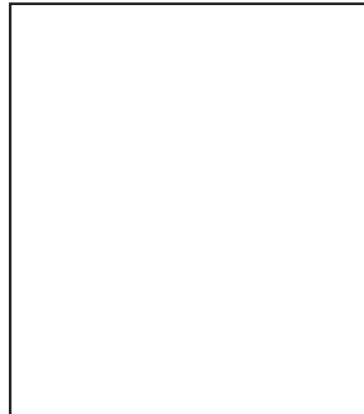

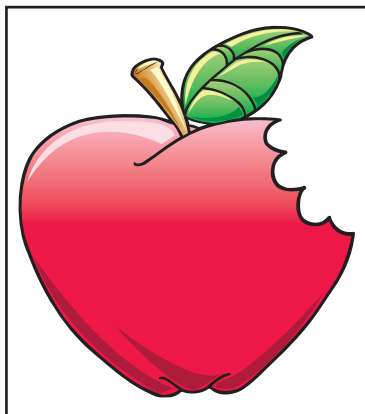

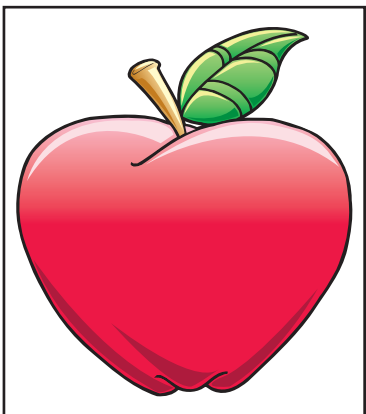

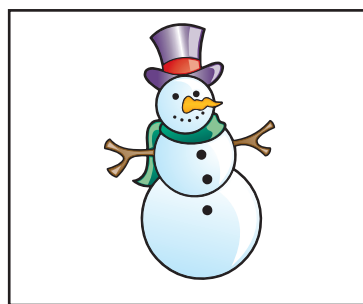

# Which Comes Next?

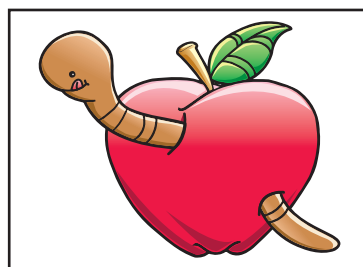

Circle the picture that comes next in each row.

or

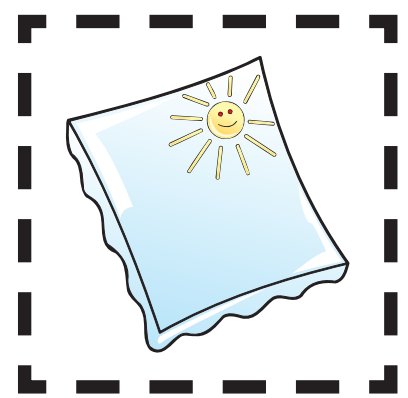

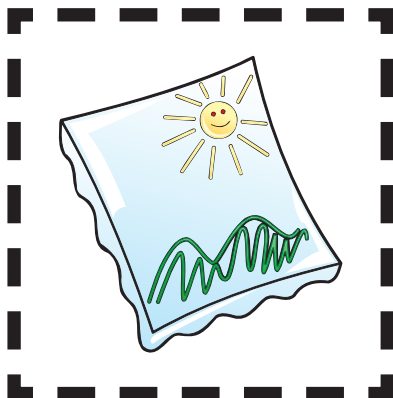

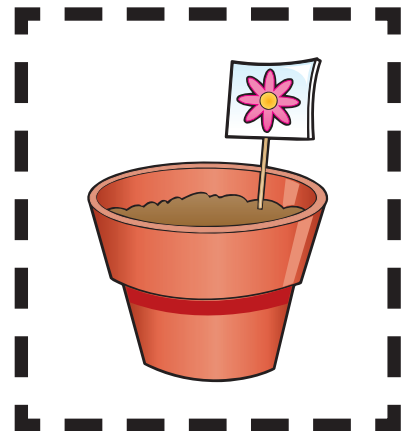

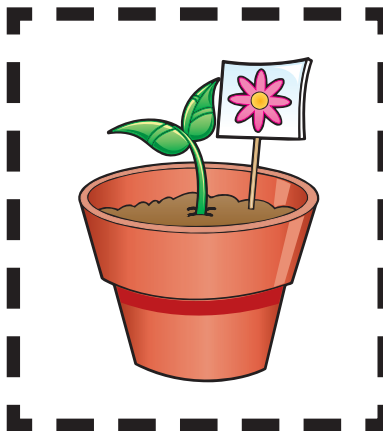

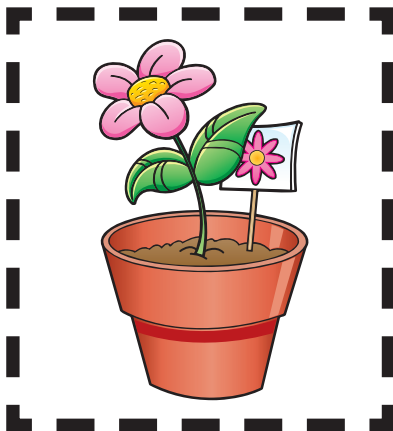

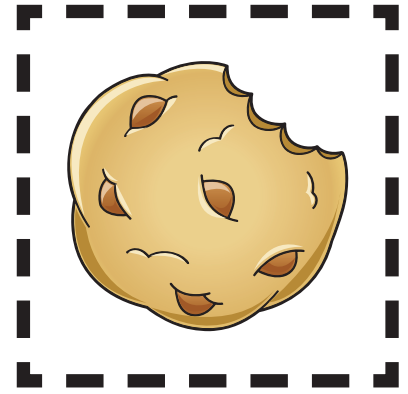

or

1, 2, 3

Tear out this page of the book. Cut out the pictures in each row.  
Paste them in order on a separate sheet of paper.

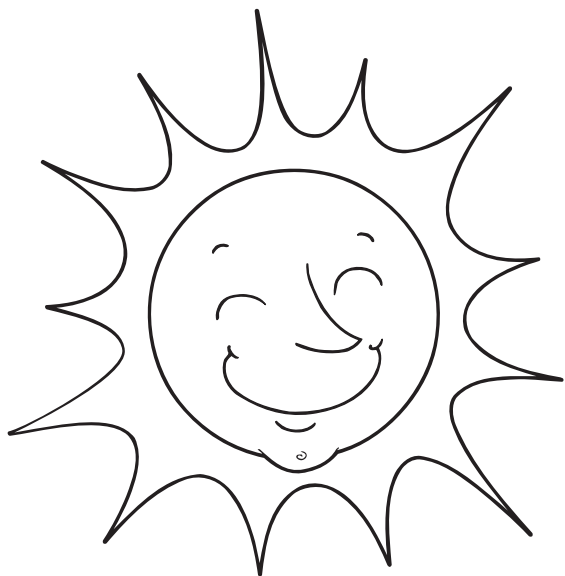

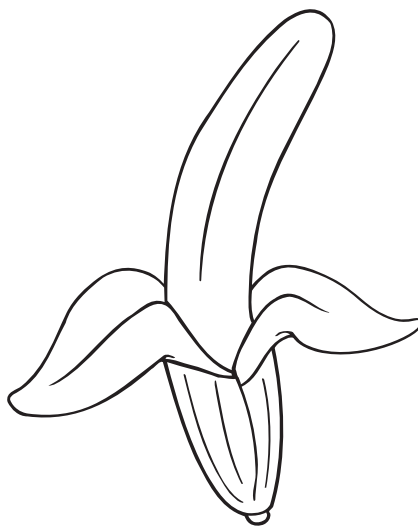

# The Color Yellow

Trace the word. Color each picture **yellow**.

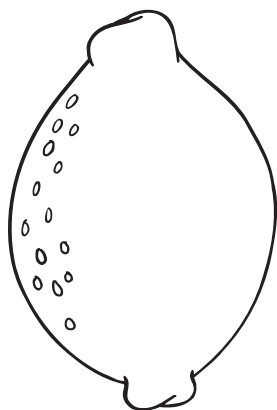

yellow

sun

banana

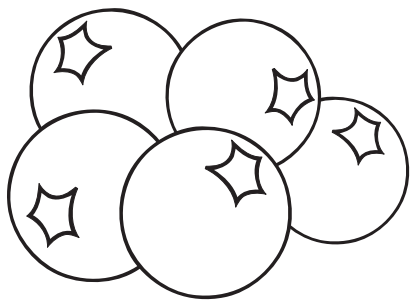

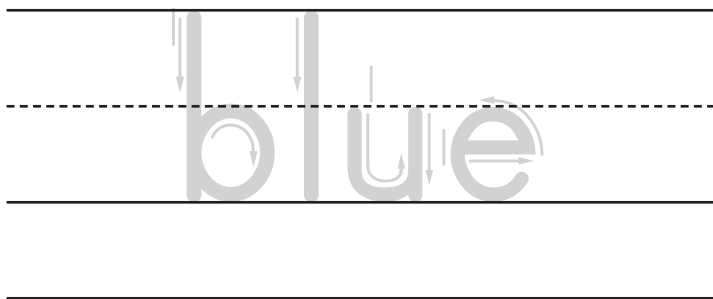

lemon

chick

# The Color Blue

Trace the word. Color each picture **blue**.

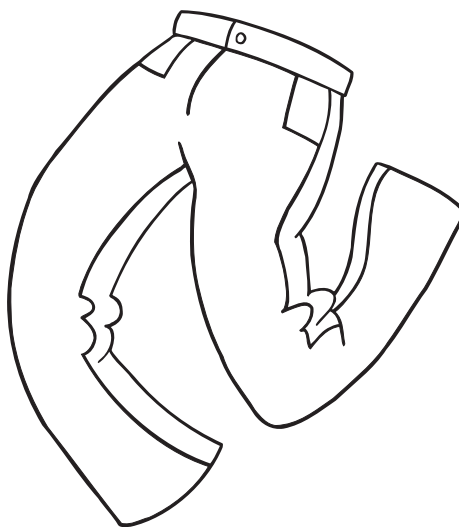

blueberries

blue jay

blue ribbon

blue jeans

# Blue Jays

Color each blue jay **blue**. Color the picture.

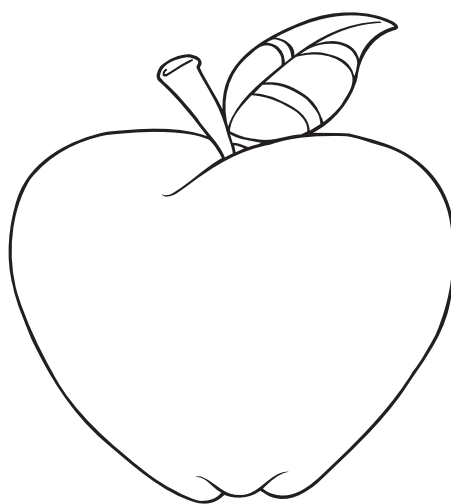

# The Color Red

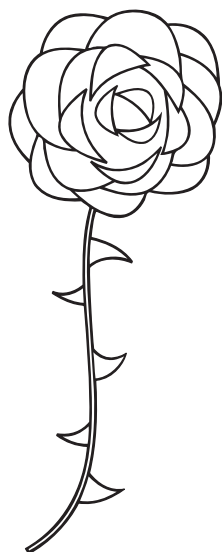

Trace the word. Color each picture **red**.

fireworks

apple

rose

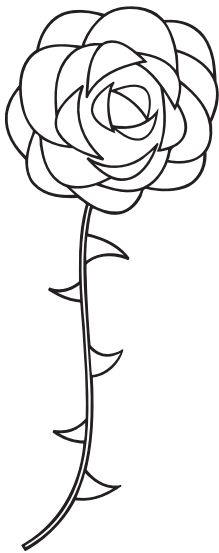

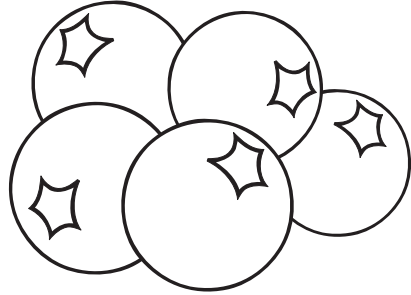

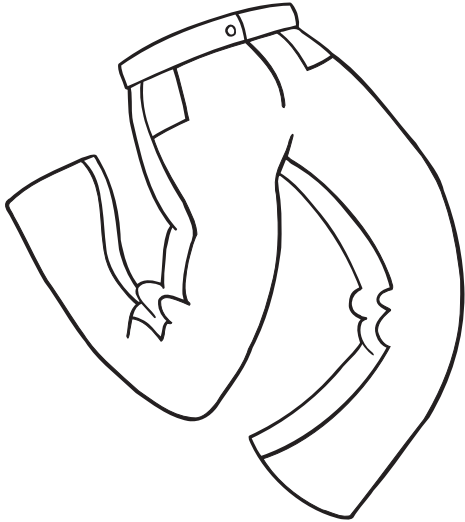

valentine

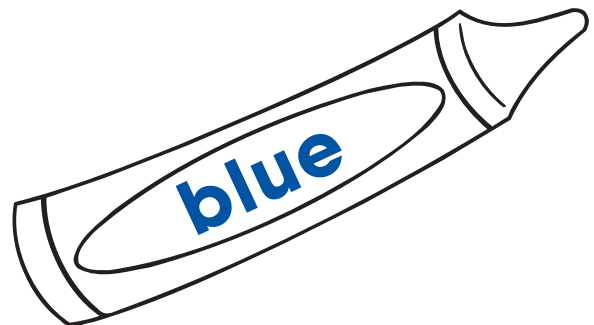

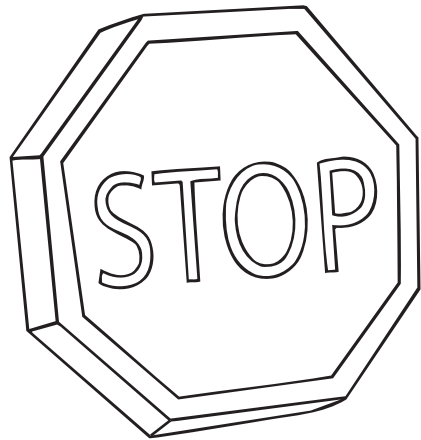

# Color Match

Draw lines from each color word to the pictures that are usually that color. Color each picture.

**blue**

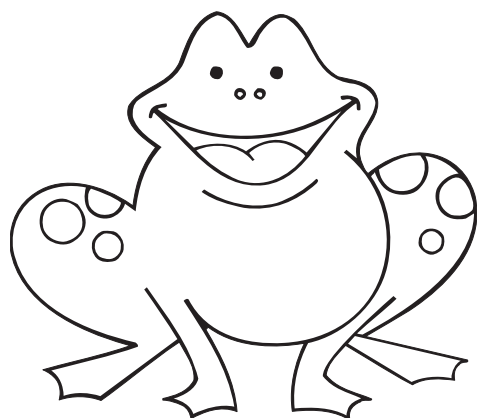

**red**

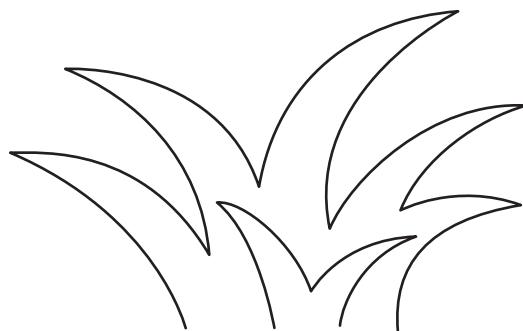

# The Color Green

Trace the word. Color each picture **green**.

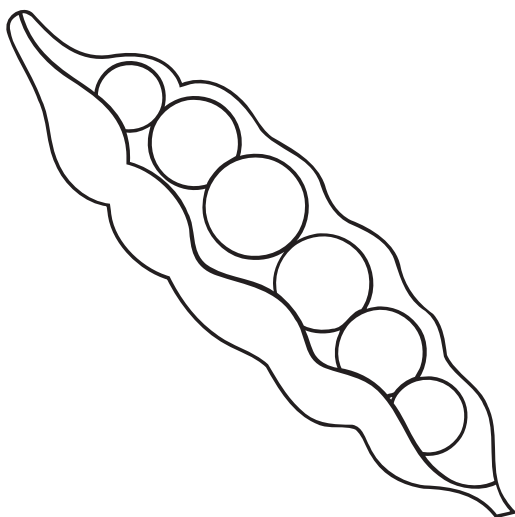

green

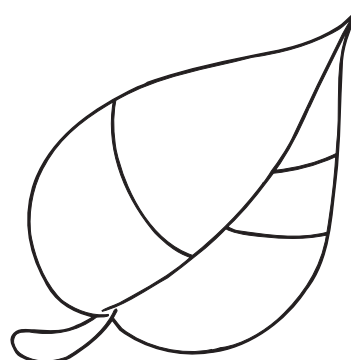

frog

grass

peas

leaf

# Color Practice

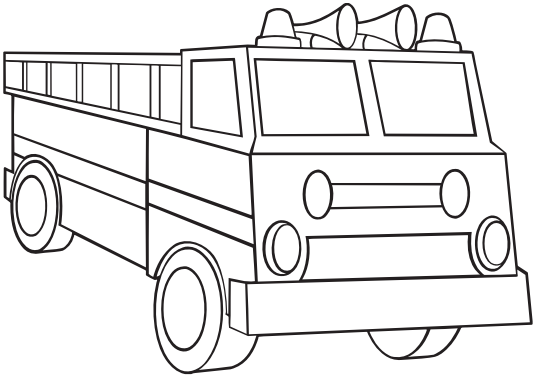

Trace each color word with the matching color. Look at the word box if you need help. Color each picture.

red
